PROFILE

Fashion Communication student at NIFT Panchkula working across UI/UX design, design research, brand identity and social media strategy. Experience includes website designs, research-led app concepts, brand systems and content planning. Uses research findings and audience performance data to inform design and communication decisions.

EXPERIENCE

Design Intern — Jun - Jul 2026
FRODOH Business Solutions — Gurugram

- Led the redesign of the company website, improving information hierarchy, navigation and consistency across core pages.
- Redesigned sign-in, sign-up and landing experiences for the campaign platform, simplifying advertiser and partner flows.
- Worked across product, brand and marketing touchpoints to support the company's CTV and adtech positioning.

Social Media Strategist Intern — May - Jul 2026
North & Beyond — Remote

- Developed Instagram content and posting strategies for Glasgow Cosmic, an ETPL cricket team, including content themes, publishing schedules and post timings.
- Analysed post-performance statistics and audience response to inform content strategy and publishing decisions.
- Collaborated with the lead UI/UX designer on the team's website design.

AI Visual Content & Brand Strategy Executive — Dec 2025 - Apr 2026
Ninos Dreams — Remote

- Directed e-commerce creative production across composition, typography, product presentation and digital brand consistency.
- Created the social media strategy, content calendar, launch frameworks and reusable visual templates.
- Generated 25 K+ organic views in 30 days, with most reach coming from non-followers.

Business Development & Social Media Research Intern — June - July 2025
Tendeza Media — Remote

- Researched social trends and competitor activity and converted findings into recommendations for client campaigns.
- Supported business development through structured research, messaging inputs and visual references.

CORE PRACTICE

Research and strategy: User research, field and secondary research, competitor analysis, research synthesis, empathy mapping, personas.

UI/UX design: Information architecture, user flows, wireframing, prototyping, interface design, design systems, responsive web design

Branding and visual design: Brand identity, logo design, colour and typography systems, brand collaterals, editorial layout, e-commerce creatives.

Social media: Content strategy, content calendars, post timing, posts and reels, campaign planning, performance analysis.

Class 12: 94.6% | Class 10: 95%

LEADERSHIP

- **Cultural Club Secretary, NIFT Panchkula** - planned institutional celebrations and cultural programming across student teams.
- **SPOC Head, Converge 2024** - led 38 campus representatives across inter-campus events, logistics and issue resolution.
- **Event Anchor** - hosted Onam, Converge and other major institutional events.
- **Competitions** - Participated in multiple competions: Gold Medal: Football & Volleyball, Bronze Medal: Dance

PROJECTS

- **PARK.OS Smart Parking App:** Conducted field and secondary research on Chandigarh's parking experience, synthesised findings and designed a mobile flow for discovering and booking parking spaces.
- **Frodoh Website and Campaign Platform:** Redesigned the corporate website and campaign-platform sign-in, sign-up and landing screens, refining hierarchy and interface consistency for advertiser and partner journeys.
- **Saathi Sang Mental Well-Being App:** Developed a peer-support concept for mental well-being, supported by user personas, information architecture and Figma wireframes.
- **NUMA Wellness Design System:** Built a cohesive wellness identity across logo, colour palette and typography, with interface components and a reusable UI kit for digital applications.
- **Frodoh Brand Identity and Collaterals:** Refined colour and typography systems and extended the identity across social posts, carousels, letterheads, envelopes and other digital and print touchpoints.
- **Zarqaah Craft E-Commerce:** Created an identity for a Kashidakari craft brand, designed a responsive shopping experience in Figma and translated the interface into HTML and CSS.
- **Bagh Print Research Paper:** Studied Bagh printing techniques, craft processes and contemporary market dynamics, examining marketing strategy within the craft sector.
- **Warli Typeface:** Designed a complete English alphabet inspired by Warli visual language and documented the process from initial sketches to final letterforms.

TOOLS AND ADDITIONAL SKILLS

- **Design:** Figma, Adobe Illustrator, Photoshop, InDesign, Canva, 3ds Max.
- **Digital:** HTML and CSS fundamentals.
- **AI:** Claude, Lovable, ChatGPT, Emergent, Gemini; prompting, ideation and AI-assisted design research.
- **Professional skills:** Client communication, presentations and team coordination.
- **Additional training:** Graphic Design Course.
